What does your family usually order? Tell me about challenges you have with cooking and preparing meals. <p>11. What does your child eat/drink on most days? > Juice Soda Punch/Kool Aid Gatorade Water (Reason for asking question)</p> <ul style="list-style-type: none"> Shows what fluids she drinks Look at sugar and calories – may be related to food group intake or weight gain Juice may contribute vitamin C <p>> Fruits Vegetables (Reason for asking question)</p> <ul style="list-style-type: none"> Fruits and vegetables contain vitamins A, C, folic acid, & others; minerals; & fiber Fruits and vegetables are important every day for vitamin, mineral and fiber intake 	<p>Questions 6-12 D10-D92 Dietary Risks D95 Inappropriate Feeding Practices D100 Vegan/Highly Restrictive Diets</p> <p><i>D10-D92, D95, and D100 will be deleted Feb/Mar 2006 and replaced by:</i> D401 Failure to meet Dietary Guidelines D402 Vegan/Highly Restrictive Diets D425 Inappropriate Nutrition Practices For Children</p>

➤ **Milk (Skim/Lowfat/Whole) Cheese Yogurt Cottage Cheese Pudding/Custard**

(Reason for asking question)

- Milk group contains protein; minerals calcium, phosphorus, and magnesium; and vitamins D, riboflavin and others
- Whole milk products mean higher fat intake & may add to weight gain

➤ **Meat Hotdogs Chicken Turkey Fish Tofu Beans/Lentils PB Eggs Nuts**

(Reason for asking question)

- Protein group contains protein, B-complex vitamins, and iron
- May affect fat intake; may be related to weight gain
- May show the child is a vegetarian

➤ **Breads Cereals Tortillas Rice Noodles Rolls Crackers Pan Dulce**

(Reason for asking question)

- Bread group is a major source of energy; also contains protein; B-complex vitamins; and iron and other minerals
- Recommend to eat some whole grain foods every day
- Be aware of fat and sugar content of some choices; may be related to weight gain

➤ **Candy Cookies Cakes Donuts Ice Cream Chips French Fries**

(Reason for asking question)

- Higher in calories due to fat and/or sugar content; may be related to weight gain; low in nutrients

➤ **Other (list)**

(Reason for asking question)

- Look at types of foods to see if they are important
- Foods listed here may be similar to foods listed above

(Probing questions)

- Tell me about the kind of food(s) or beverage(s) you circled or did not circle.
- Is there a food or beverage that your child eats/drinks regularly that's not on the list?
- How many times a day do you drink _____? What is the serving size? _____
- Tell me more about the portion sizes of the foods circled

12. What are your child's favorite food(s)?

(Reason for asking question)

- Tells you what types of food the child prefers, and what the parent will offer the child
- Lets you discuss the types of food the child likes and give praise or guidance to the parent

(Probing questions)

- What do you think about your child's favorite foods?
- How often does your child have _____? How much?
- Where does your child eat his or her favorite foods?

13. What food(s) does your child dislike or is unable to eat?

(Reason for asking question)

- Gives you an idea of parent's perception of child's preferences. Children are exploring their world and may refuse to eat a specific food or to eat at all.
- Lets you discuss Division of Responsibility with parent. The child chooses what and how much to eat and the parent continues to offer foods the child may not like

(Probing questions)

- Have you tried preparing it a different way?
- Do you still offer _____ from time to time?
- Do you (parent) eat the food?

14. My child uses the following to eat or drink: Breast Bottle Cup Spoon Fork Fingers

(Reason for asking question)

- Helps you know if child's eating abilities are age-appropriate. It may show too much control or too little guidance from the parent
- Lets you encourage using cup, weaning from bottle, self-feeding using child-sized spoon and fork, and patience while child learns to feed himself
- Lets you provide support if mother is breastfeeding

(Probing questions)

- When does your child have a bottle?
- What do you put in the bottle?

Question 13

C80 GI Disorders
C89 Food Allergies
C111 Lactose Intolerance

Question 14

C72 Developmental Delays
D96 Inappropriate Use of Baby Bottles

*D96 will be deleted Feb/Mar 2006 and replaced by:
D425 Inappropriate Nutrition Practices for Children*

TRAINING TOOL: CHILD (2 - 4 YEARS) NUTRITION QUESTIONS (DRAFT) OTHER #15-19			FOR ELIGIBILITY PURPOSES
			ISIS RISK CODES
Please circle or write your answers to the following questions:			
15. What do you think about your child's size?: Too little Too big OK			Question 15
(Reason for asking question)			C72 Developmental Delays
• Helps you understand parent's perception of child's growth, and parent's stage of change about underweight and overweight			C102 Thyroid Disorders
(Probing questions)			C110 Failure to Thrive
• Tell me more about			
• What has the doctor said about your child's weight?			
16. What kinds of activity does your child do?			
(Reason for asking question)			
• Daily physical activity is very important for health and wellbeing. Opens a dialogue about age-appropriate activity and how active the child is			
• Can help parents be good role models by playing with children and being active themselves. Encourage parent to let child decide which activities the family might do together			
(Probing questions)			
• What types of activities does your child enjoy? How often? How long?			
• What kinds of indoor activities or games does your child enjoy?			
17. How many hours is a TV on (includes video games, movies, gameboy) in your house each day?			
(Reason for asking question)			
• Too much TV (and computer and video games) can lead to poor health and overweight. American Academy of Pediatrics recommends no more than 2 hours a day of "screen time"			
• Help the participant choose alternative, active physical activities that the whole family can enjoy			
(Probing questions)			
• What do you think about the having the TV on even if no one is watching?			
• What do you think about the time that your child spends _____?			
18. Do you ever run out of money or food stamps to buy food? Yes No			Question 18
(Reason for asking question)			C91 Homeless
• Helps to show food security or insecurity			D10-D92 Dietary Risks
• May need to refer			
(Probing questions)			
• What do you do when...?			
• Tell me about shopping and meal planning.			
• Would you like some ideas for handling this (referrals)?			
19. What nutrition and health questions do you have today?			
(Reason for asking question)			
• May find other topics participant wants to talk about			
• May find other needs			
(Probing questions)			
• Tell me more about.....			
			Question 18
			C91 Homeless
			D10-D92 Dietary Risks
			D10-D92 will be deleted Feb/Mar 2006 and replaced by:
			D401 Failure to meet Dietary Guidelines
			D425 Inappropriate Nutrition Practices for Children
